Eggless cakes for all occasions
OUR EGGLESS BAKERY

At our eggless bakery, we believe that every cake we bake is special to the person who eats it. Accordingly we only use the highest ingredients sourced from leading UK suppliers to produce a large range of different eggless cakes:

- Wedding cakes
- Birthday cakes
- Layer Cakes
- Number cakes
- Barbie Cakes
- Novelty Cakes
- Photo Cakes

A combination of our secret eggless cake recipe, traditional baking methods and a little sprinkle of love is what it takes to produce probably the lightest, melt-in-the-mouth cakes available anywhere in the UK today.

We also specialise in eggless cupcakes, layer cakes, brownies, pies, cheesecakes, pastries, muffins and meringues.

We look forward to taking your order either online or seeing you at our bakery.
